

Mohammad Mahmoodian

Curriculum vitae

WORK EXPERIENCE

SEPTEMBER 2019 – PRESENT

PAD Lab, UTSTPark, Tehran, Iran

Blockchain Developer

Work on popular cryptocurrency source codes at PAD (Processing and Analysis Data) lab under the supervision of Mahsan Co. in the UTSTPark (University of Tehran Science and Technology Park).

AUGUST 2020

Freelance

Software and Hardware Developer

Programmed a nordic Soc to capture data from an OSRAM Opto Semiconductor (SFH7070). Developed an app in Android Studio to communicate with the nRF through the BLE and display the captured data.

MARCH 2020

Freelance

Software Developer

Developed real-time people counting for the video stream, with help of computer vision and deep learning. Implemented Smart object detection and object tracking.

MARCH 2019 – SEPTEMBER 2019

Datis, Tehran, Iran

Hardware Developer

programmed STM32 Arm Cortex MCUs and developed elevator drives at Datis Elevator.

FEBRUARY 2017 – PRESENT

MCS Lab in the University of Tehran

Software Developer and Research Assistant

Worked on Linux-based operating systems (e.g., OpenWrt) and installed them on Wi-Fi routers.

JANUARY 2018 – JANUARY 2019

Farineh Fanavar, Tehran, Iran

Software Developer

Implemented IoT protocols using blockchain and smart contracts. Worked with tools such as truffle and Geth (Go Ethereum) to test and simulate smart grids at Farineh Fanavar.

PROJECTS

2020 **Android Studio**

Developed an app in Android Studio using Java programming language to connect to a device through BLE and display received data.

2020 **Nordic nRF**

Worked with Nordic nRF52840 SoC and programming the chip, in C programming language using Keil IDE.

2020 **NEO Cryptocurrency Source Code**

Edited NEO client source code in C# programming language.

2020 **TON Cryptocurrency Source Code**

Edited TON (Telegram Open Network) client source code and added some features to it.

2019 **Geth**

Work with Go-Ethereum (official Go implementation of Ethereum protocol) and add some features to it (e.g. writing data onto CassandraDB, Neo4jDB, LevelDB, etc.).

2020 **OpenCV**

Implemented a real-time people counter using OpenCV, SciPy, etc. in Python language programming.

2019 **STM32 Discovery Kit**

Programmed STM32 MCUs in Keil in C programming language.

2018 **Smart Contracts**

Built smart contracts using solidity and hyperledger sawtooth. used web3 Restful api in Python and JavaScript to connect to blockchain.

2018 **Zigbee**

Implemented Zigbee protocol on XBee modules using Keil.

2017 **OpenWrt**

Installation of OpenWrt on routers.

EDUCATION

| | |
|-------------|--|
| 2017 – 2020 | Electrical Engineering - Network Communications MASTER OF SCIENCE <i>University of Tehran</i> GPA: 18.8 Rank: 1 |
| 2013 – 2017 | Electrical Engineering - Communications BACHELOR OF SCIENCE <i>University of Tehran.</i> GPA: 18.4 Rank: 8 |

SELECTED COURSES

| | |
|---|--|
| Pattern Recognition ($\frac{19.2}{20}$) | Advanced Programming ($\frac{18}{20}$) |
| Data Networks ($\frac{20}{20}$) | Distributed Optimization ($\frac{19}{20}$) |
| Stochastic Processes ($\frac{19}{20}$) | Cellar Networks ($\frac{20}{20}$) |

SOFTWARE AND HARDWARE SKILLS

| | |
|--------------|---|
| GOOD LEVEL | Python, Go, Cryptocurrency, Solidity, C, C++, C#, Java, Android Studio, git, Linux, Restful APIs, OpenCV, Scikit-learn, MNIST, SVM, IP Networking, Matlab, Neo4j Database, LevelDB, Cassandra Database, MongoDB |
| INTERMEDIATE | Hyperledger, \LaTeX , LabVIEW, Keil, ModelSim, Quartus, Wireshark, shell, AVR, Verilog, HTML, JavaScript |
| BASIC LEVEL | Windows, Microsoft Word, PSpice, HSpice |

COMMUNICATION SKILLS

| | |
|---------|----------------|
| PERSIAN | Native speaker |
| ENGLISH | Good |

REFERENCES

| | |
|----------|---|
| | Dr. Behnam Bahrak |
| POSITION | Assistant Professor School of Electrical and Computer Engineering <i>University of Tehran</i> |
| | Dr. Vahid Shahmansouri |
| POSITION | Assistant Professor School of Electrical and Computer Engineering <i>University of Tehran</i> |
| | Dr. Masih Nilchian |
| POSITION | Chief Technology Officer MyPulses Co. |
